Rev. J. Howe,

Dear Brother:—

I was at the Wesleyan (Colored) Church Sunday morning. I saw Joseph Wilberforce; also Bessie Ramey. Joseph says Bessie will graduate in high school in June. He says his Constance Henderson is about in her seventh grade in school, but is working as a house-keeper, and that she is "a good dress-maker." He had a recent letter from his mother, and the situation was unchanged in Africa. He said he had lately written you and Bro. Stemen.

A letter received this morning from Bro. White

says that the seceders had begun a protracted meeting at Hoopewell, of which he had written you. I shall not advise you, but I should not disapprove of your postponing your appointment till March 3rd or 10th.

I wrote you but a few days ago. We are all well. Grace and health to you and yours.  
Your brother,  
Milton Wright.
