

Dayton, Ohio, May 16, 1906.

Dear Bro. J. Howe:-

I have not heard from J. G. Wilberforce since April 12th, and do not know what he is intending. I wrote him this morning. Probably you are in correspondence with him and know more than I do about his plans. Sister Peter Loding, a very judicious woman, says that his wife's people are a good family. This is a cheering point; for much turns on that among colored people. There is little room to doubt that if he does well, she will be good help for him. She evidently has brightness, decision and energy.

Bishop Barkley is expected at Pioneer, Ohio, sometime this week, as he wrote me.

Your brother,

*Milton Wright*
