

Dagton, Ohio, April 19, 1907.

Dear Bro. Howe:-

Perhaps you have not returned from your conference, of which I have not a word. I would like particulars, and fear the generals! Some are carried into support of wrong by simple partisanship. The associations of bishop are very bad.

Joseph Wilberforce came to see me at my request, Tuesday the 12th. He and his wife seem inclined to go in June to Africa. I presume he has written you. I think he has looked to be sent out on salary. I pity his wife. Probably she has heard the sunshiny side. Joseph thinks they can get a house in Freetown or in Bente for his wife and mother to live in. They go out to meet immediately the rainy season, which tho as healthful as the dry, is disagreeable and gloomy. It lasts about three months.

I enclose a notice which my cousin Flora got into the Fowlerton paper. I hope to see you then.

We are all well. I hope that you and yours are also. It is customary for the president of the Missionary Board to announce the time of the annual meeting in the Conservator and the Monthly. You should announce it in next Monthly.

Fraternally,

*Milton Wright*
