

HUNTINGTON

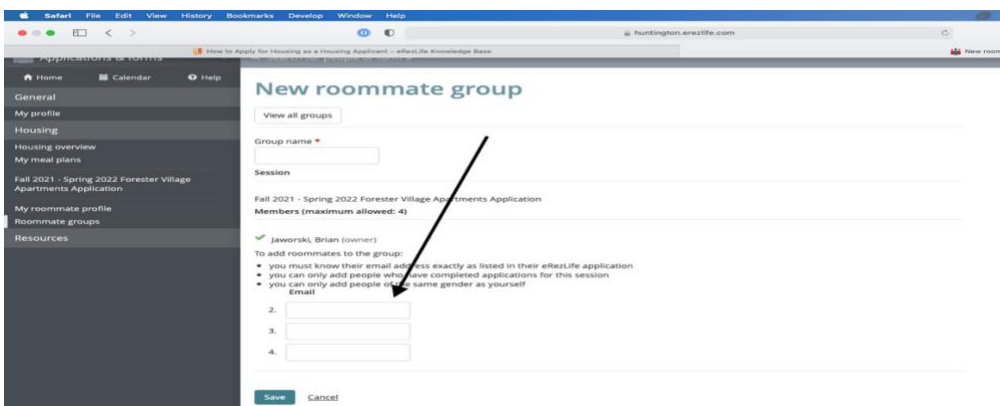

— UNIVERSITY —

How to create a roommate group

1. Go to <https://huntington.erezlife.com> and complete either the Residence Hall application or a Forester Village application. Each roommate **MUST** have a completed housing application for that term. All housing application forms are available under the **Housing Overview** tab.
2. After all students have submitted an application, log back into your application to identify your roommates. Create a “Roommate Group” by clicking on “Create new roommate group.”

3. Input HU email address of all roommates.

4. Click “Save.”
5. Your roommates will receive an email inviting them to join your apartment. If you receive the roommate group email, please log onto <https://huntington.erezlife.com> to complete your portion of the application.
