NOTES:

1. Either MA 161 or MA 171 will fulfill the major requirement in math. MA 171 is recommended for those anticipating graduate school.
2. Students must take three of the following OA 215 Business Software Application courses or an equivalent certificate: Word Processing (by examination only), Spreadsheet, Advanced Spreadsheet, Database, and Computer Graphics.
3. PY 111 is recommended for those who anticipate having a minor in marketing or entrepreneurial small business.
4. Both AC 361 and AC 471 have a prerequisite of AC 341. Students will need to get consent of the instructors in order to register for these two courses when taken concurrently with AC 341.
5. CPA exam candidates will need to have earned 150 semester hours of college-level credits to sit for the exam. Huntington University students could earn these additional hours in a fourth year at the undergraduate level or through the University's MBA program.
6. Students are required to have 120 hours to graduate, including a minimum of 36 hours of 300+ courses.
7. Students who have taken AP exams, early-entry or dual-credit courses may be able to lighten the number of credits needed during a given semester and may even eliminate the need for summer coursework. The Registrar's Offices' evaluation of prior coursework will help students and their academic advisors plan out degree requirements.

*Indicates alternating year course.

Underlining indicates required for major.
