NOTES:

1. CH 161/L Principles of Chemistry I may be taken in place of CH141/L Intro to Biological Chemistry. If CH 161/L is substituted, it must be taken in the fall of the freshman year.
2. MA 151 Probability and Statistics is necessary and will fulfill the core math requirement.
3. PS 111 Public Policy is recommended.
4. Must take at least fifteen hours from: AR 107; CO 213, 241, 331, 381; DM 155, 281 (or 231), 395; OA 371; PS 111, 321.
5. Students are required to have 120 hours to graduate, including a minimum of 36 hours of 300+ courses.
6. Students who have taken AP exams, early-entry or dual-credit courses may be able to lighten the number of credits needed during a given semester and may even eliminate the need for summer coursework. The Registrar's Offices' evaluation of prior coursework will help students and their academic advisors plan out degree requirements.

*Indicates alternating year course.

Underlining indicates required for major.
