				Elective(s)	1-3
		<b>total 15</b>			<b>total 15-17</b>

**NOTES:**

1. This Guide to Typical Programs is based on the pre-pharmacy requirements of the Manchester College School of Pharmacy. Other pharmacy schools may have requirements that vary. Students may elect to complete a biology or chemistry degree at HU prior to enrolling in pharmacy school.
2. In order to complete a two-year plan, the student should place into Calculus I. Otherwise, a three-year plan or summer school is recommended.
3. BI 161 Cell Biology is needed if taking BI 432 General Microbiology.

\*Indicates alternating year course.

Underlining indicates required for major.
