

Transportation

- ▶ Public transportation is not available in Huntington. The train you hear from your room is an industrial train. There is HAT (Huntington Area Transportation) which is run by a nonprofit organization. It works like a taxi, but you need to book 24 hours in advance (260) 356-3006. Most students who don't have a car ask friends to drive them to the supermarket or anywhere else.
- ▶ You will need to find your own transportation to the airports. The University does not have a drop off or pick up service. As a courtesy to the person who takes you it is polite to offer money for gas expense.
- ▶ There is a service in Fort Wayne that provides transportation to the Indianapolis airport. Call Hoosier Shuttle Service 877-392-2463 to set up times for transport to/from the Indianapolis airport. Pick up is not at HU so you would need a ride to Markle exit 86 Sunoco Gas Station; or exit 78 the Warren Truck Stop; or 24/69 exit Village of Coventry at Bob Evans. The cost is \$39 one way (price subject to change). This needs to be scheduled in advance to make sure of availability. The website for more information on this service is <http://www.hoosiershuttle.com/index.html>.
